

Bath Motor Club Social Media Policy

Introduction

Bath Motor Club recognises that social media is an important tool for all club members to engage with each other and the club encourages club members to use social media and other channels to promote themselves, the club, the clubs' events, and the sport.

Bath Motor Club provides a service to all members by actively utilising Facebook, TikTok, and YouTube as well as websites to promote its work and activities.

The organisation is committed to providing a safe, fair, and fun online space for Bath Motor Club members. This includes safeguarding the welfare of young people who engage with the organisation on any social media and websites used by Bath Motor Club.

Bath Motor Club recognises that this policy can be continuously developed and will review this document again by TWO YEARS ON FROM October 2023 or after the outcome of any serious issue or incident as a result of the use of social media sites by the Bath Motor Club community.

To complement this policy, Motorsport UK has produced a Social Media Guidance document to provide the community with further information on how to engage appropriately online.

The Policy outlines:

- The social media channels managed by the Bath Motor Club members
- How Bath Motor Club manages its social media channels and who is responsible
- The principles that Bath Motor Club follow in monitoring all channels
- Reporting procedures to follow if any abusive or illegal content or activity has been identified by Bath Motor Club members, Motorsport UK or community members

Our team closely moderates our online community across all digital platforms and ensure the interaction and engagement on our social media channels are in line with our policy.

This policy is endorsed by the BATH MOTOR CLUB COMMITTEE MEMBERS and it has **Regulatory status**.
